

School Messenger (emergency & message all-call system) New FCC regulations prohibit schools from contacting parents for non-emergencies without parental consent. As a result, School Messenger has set up a parent site for managing the accounts associated with Covington Catholic High School and granting permission for nonemergency communications. Please watch the short one minute ten second video (<https://vimeo.com/173531877>) and then visit <https://www.schoolmessenger.com/start> and choose your preferences for this policy. It is important that you use the email address that we have on file. If you need to use a different email, please provide us with that address. This process only takes a few minutes, so please address this soon. If you have any questions or concerns about this process, please contact the school office and you will be directed to someone that can help you.
