

Work Study Scholarship Application

Due Date: May 20, 2022

Award Date: by July 15, 2022

Scholarships are based on financial need and will be awarded to students who have exhibited a strong work ethic, a positive attitude, and a determination to use his talents to succeed at the highest level possible at CCH. All applications should include a one-page letter in which the applicant states why he values the opportunity to attend Covington Catholic High School, what his future goals are, and how his education is preparing him to achieve these goals.

Scholarships are not additional monies towards tuition, but each of these scholarships reduces the number of hours required of the student as part of the tuition assistance/work-study program. Amounts vary per scholarship. The families of the students selected will be notified of the number of hours awarded that will reduce work study later in May.

Any questions please contact Kristi Schwalbach at 859-448-2249. Scholarship awards may be split to multiple students in the work study program. Scholarship applications can be scanned and emailed to kschwalbach@covcath.org.
